11. Last Question--What else would you like the GTC committee to know or pursue? (26 Responses)

I believe every few months there should be some type of mixer activity to welcome newcomers and allow for networking. This may involve random table assignments with a table activity or game so folks get to know each other. I see a tendency to clique, and many tables do not seem welcoming to new folks.

I love it when we hear from club members about their past - i.e. military service as we did on Veteran's day - how about members sharing something interesting about where they lived, an interesting job, etc. - if they are willing to talk to the group -

My husband and I travel a lot and often times not in SCW.

Question 8: You left out Karaoke. I've heard this discussed. I'd find it fun.

Events that allow for people to mingle and get acquainted. I love the breakfast event but you only get to meet the people you are sitting near. Maybe something like a disco party....the '50s or 60s' party where people could dress up and play music from that era. Just a thought.

Would appreciate more "going/doing" type activities. Ex-camping/hiking/kayaking, etc. Majority of current activities are "sit down and/or food related".

Not everyone will want to (or can) do "everything". Give members more options.

- Free gambling bus trips from RHJ rec center parking lot. Anyone can call and make a free reservation on one of the buses going to the casinos but if we organized a group maybe the casino would sweeten the pot when a group is coming together... maybe a free lunch?

- Coordinate a food truck event with the rec center of SCW and some food trucks. Maybe the trucks could pay a small fee to our club for being part of the event.

- Instead of monthly breakfasts, a lunch trip to somewhere since not everyone can make a breakfast event.

- Make any of the above free activities small tournaments with small cash prizes for the winner or winning team. Maybe there could be a small entrance fee that could be a split the pot with the club and the winner(s).

Raise the yearly registration fee enough to cover activities, etc., and stop nickel and diming us every time an event comes up.

Breakfast at Bette's Roost is popular. Maybe a coffee gathering ?

Book Clubs

You guys already wear me out!!!!!! LolGreat ideas and plans!!!!

I've always enjoyed events using SCW amenities - mini golf, Wii-bowling, etc. I am not a fan of always having evening meals off compound - I would enjoy a lunch event at a restaurant.

I would like to see more events that are active in nature and not just sedentary. Also, please look into events at people's homes. I believe we can have events at private homes as long as we do not charge for them, and do not serve booze. Events would be advertised as BYOB. Please check into this. This is how the Boomers' Club does it.

Thanks Tracy

That we appreciate your efforts and love that you put together this survey. Thank you

Bird watching, cooking classes, French language classes, Biking group, film club (foreign films), beginning bridge

I have no idea.

Thanks for the survey!

I would like the club board to keep the members informed of everything. Ex. a person became ill and stepped down from their position on the the board. An email should have been sent to all members informing them of the new appointed person filling the position.

Thank you for the survey.

You're doing a great job!

K

Activities within Sun City West is preferable.

How about Geocaching?

Legal help...taxes...medical bills (help with contesting)...computer help...

When I moved here, I was told by someone that all this club did was hang out in the clubhouse and eat. I hesitated joining, because of this. I want to enjoy different things that this area has to offer. So, knowing about and having the club participate in activities away from the clubhouse at times is awesome! Keep up the good work Good Times Committee! I can't wait to see what's next!
